2 WIVES RECITE CRUEL ACTS IN DIVORCE BILLS

Ruth Warner and
Mrs. Armogost
File Suits
ADULTERY, TOO

Two marriages of short duration were beached on the shoals of divorce today when two wives filed suits seeking legal freedom.

After two years of wedded life, Ruth Warner, who was married Aug. 21, 1935 at St. Anne to George Warner, decided she could not live with him longer. She charges extreme and repeated cruelty in her bill filed through the law firm of Mayhew and Drolet.

On July 15, 1936, the bill alleges, he tried to pull her out of their automobile struck her, tore her clothes and injured her arm. On April 19, 1937, he attacked her and pushed her against the piano, causing bruises. At other times he used personal violence and threatened her so that in order to preserve her safety and that of her mother, she had him arrested.

Last Warning To Drivers Of Trucks Here

Final warning was given drivers of package trucks this morning by the traffic committee of the city council that they will be arrested and fined hereafter if found double parking on Court street.

Most of the truck drivers are now complying with the law, the committee indicated, but a few still persist in leaving their trucks standing in the street instead of driving into the alleys to unload merchandise. Every driver who double parks renders the entire traffic lane behind him useless, it was said.

The committee also announced that it would act to prohibit motorists from parking all day long in alleys in the interests of fire protection. Trucks are granted the privilege of 30 minutes to an hour loading and unloading time in the alleys. But no vehicle is permitted to completely block an alley so that a fire truck cannot get through.

HAMMOND TRIO FINED \$25 EACH FOR GUN TOTING

Robbery Charge Is Modified After Extradition

Three Hammond men extradited here this week on charges of attempted robbery of the Paradise Inn resort, five miles east of Monec, the night of last July 12, were arraigned in county court yesterday.

Each was fined \$25 and costs, by Judge John H. Beckers after the charges were amended and they pleaded guilty to assault with a deadly weapon.

The trio, Pete Poppewell, 31, Rudy Stall, 38, and Johnnie Smith, 26, paid \$87 in open court and were released after making arrangements to pay the balance of \$1565. The charges against them were amended after testimony yesterday by witnesses for both sides convinced the court that no robbery had been committed or attempted as such.

Had Loaded Gun

Represented by Attorney Armen Blanke of Kankakee and Nels Jacobsen of Hammond, the trio admitted the facts in the case to the extent that they entered the Monec tavern with Poppewell armed with a loaded revolver.

All testified that Poppewell commanded the patrons to put up their hands, but that it was not a stick-up—he was only looking for his sister, Mrs. Lottia Poppewell Smith, a bride of two days who had been brought to Monec from Hammond by Weston Press, her former suitor.

John Smith, the woman's husband, saw Press in the tavern and attacked him. The two fell to fighting, which continued outside and then Press ran away. It was testified.

All are Related

All three men are related to each other through their wives. The court, in its consideration of the provocation for their going out to look

Their General, Too, Died At Dawn In China Warfare

Multiple death raked the Nanyuan Road in North China when a hidden Japanese machine gun sprayed into eternity an entire truckload of Chinese troops attempting to escort their general to safety.

Transient Steals Truck, Hits Auto, Then is Jailed

Albert Miller, 58, transient whose last residence was East St. Louis, was in the custody of Sheriff John Stack today charged with larceny of a truck and driving it while intoxicated.

He was arrested yesterday by Deputy Sheriff Jesse Burton on highway 17 east of Baker creek after he had crashed the truck into the car of two St. Anne boys and upset them. The youths, Emory Mercer and Phillip Gladu, were unhurt.

The truck was in the sheriff's possession when it was reported yesterday by Pete Peterson and John Reimer of Monec, who said it was stolen from their blacksmith and implement shop during the night.

The sheriff today was investigating the case further and indicated he expected to have more to report.

Gary Youth Released on Parole, Is Murder Convict

Pendleton, Ind., Aug. 27—(UP)—Virgil Kirkland, 26, convicted in the "prohibition era" slaying of beautiful Arlene Draves, Gary, in 1930, was released today by the parole board of the state reformatory.

The parole was approved by the state welfare board, which under a recent act of the state legislature, must sanction actions by the parole boards of the various state penal institutions.

A. F. Miles, superintendent of the reformatory, said Kirkland had been a "model prisoner" and had no demerits against his record. He had served six years of a 1-to-10-year sentence.

The reformatory parole board twice previously had continued indefinitely Kirkland's parole appeals and only recently sent recommendations for his release to the state welfare board.

Tried in Porter county circuit court, Kirkland first was convicted of murder and sentenced to life imprisonment but won a new trial and received a lesser sentence.

Public indignation over the granting of a second trial ran high and was blamed for the ultimate defeat of Judge Grant Crumpacker when he ran for reelection.

The jurist defended his action in sentencing Kirkland to a 1-to-10-year term. He said that was all that could be given a minor under the indeterminate sentence act.

Kirkland was charged with criminal attack on Miss Draves while he was her escort at a "gin" party. Four other youths faced similar charges but were released.

The girl died the morning following the "prohibition era" party, shortly after her body had been left at a doctor's home.

Each fireman brought a guest and spent the evening in fellowship and playing cards.

Had Millions Yet He Saved Pennies

Pittsburgh, Aug. 27—(AP)—Andrew W. Mellon watched his pennies. While secretary of the treasury Mellon went shopping for a new hat with David E. Finley, his special assistant. He found two which he liked equally well but couldn't decide which one to take.

"Why don't you buy both of them?" asked Finley. "You know you can afford it."

The financier replied: "So I can, but you know I never bought but one hat at a time in my life."

Watseka Drunk is Given Fine of \$50

Watseka, Aug. 27—(RN Special)—On complaint of Mrs. Esther Buss of Gilman, her husband Bert Buss, was arrested and brought to the county jail charged with being drunk and disorderly.

Appearing before Police Magistrate Peter Kamp Buss pleaded guilty and was fined \$50 and costs. Not having money to pay his fine, he was taken back to the county jail where he will spend the next 10 days.

Homecoming at St. George is Sept. 12

Annual homecoming of the St. George community will be held Sept. 12, according to announcement today by the committee in charge.

The parishioners have built a kitchenette out of the hall where the women of the parish will serve chicken dinner.

In the afternoon a ball game will be held and dancing and other amusements are planned for the evening.

Disappearance of Wealthy Man is a Baffling Mystery

Boston, Mass., Aug. 27—(AP)—The disappearance of John G. Lowe, wealthy manufacturer of Dayton, Ohio, from the eastern steamship liner New York, became a first class mystery today, baffling alike to police and relatives.

What had happened to him between the time the ship left New York Tuesday night and docked the following morning in Boston was a question unanswered.

Police Captain Benjamin Wall, investigating the case, declined to say what his theory was. In New York, Robert Patterson, a brother-in-law of the 52-year old missing man, was utterly at a loss of account for Lowe's disappearance.

"We can't believe it's a suicide because he had no reason to take his life," Patterson said. "He was happy, cheerful and had everything to live for. His health was improving, he had money, and on Monday he conducted some little business matter."

Vatican Approves Spain's Government

Vatican City, Aug. 27—(UP)—Recognition by the Vatican of the Spanish Nationalist provisional government was made official today when Marquis Pablo de Aycinena, representative of Generalissimo Francisco Franco, presented his credentials as charge d'affaires.

De Aycinena presented his credentials to Eugenio Cardinal Pacelli, papal secretary of state.

Acceptance of the credentials was the equivalent of the church's fact and de jure recognition of the Spanish Nationalist government, diplomats believed.

DISORDERLY CHARGE

Clarence Anderson, 30, colored, of 604 North Wildwood avenue, was arrested last evening at his home by Sheriff John Stack and Deputy Ed Imming on charges of disorderly conduct at the Kankakee Tile and Brick company east of the city.

Artist Makes Big Decision, Keeps Secret

Rapid City, S. D., Aug. 27—(AP)—Gutzon Borglum's war with himself over the question of whether to portray Abraham Lincoln with or without a beard is over.

The sculptor disclosed today his decision has been made. In compliance with a promise to President Roosevelt, made while Borglum was in Washington recently, the chief executive will be the first to know whether a bearded or a beardless Lincoln is to be carved on the granite slope of Mt. Rushmore.

Borglum said he had sent to the president Thursday night a model of the Lincoln likeness he will use. The upper part of the martyred president's face already has taken shape on the mountain. Scaffolding hides the lower portion, pending official unveiling of the figure Sept. 17.

KIDNAPPER OF BABY SAYS SHE IS SORRY NOW

Sends Note to The Mother, Asks to Be Forgiven

Chicago, Aug. 27—(UP)—An anonymous letter from a mother whose only child died provided police with a clue today to the kidnaper of three-months old Diane Lucas, returned within 24 hours after she was seized.

The letter was written to Mr. and Mrs. Herman Lucas, parents of the kidnapped baby.

"Now that you have your precious baby girl returned, I just can't put off writing to you any longer to tell you how terribly repentant I am for my act," the letter said.

"But, first I must tell you what led me to do such a thing and then probably you will, if you possibly can, forgive me."

"I am 28 years old, English by birth, and was married five years ago in a city outside Chicago. Four years after my marriage a little girl was born to me, a darling child, and made me so happy—more than I can express here in writing."

Loved Ones Gone

"Six months ago I lost my husband through a motor car accident and was left with my five-months old daughter. My mourning and depression most of the time had a bad effect on my baby's health. She was breast-fed. She developed convulsions and three weeks later died. My world turned upside down for me after that. If I only could have

3 "Middies" Hurt in Sheldon Crash

Sheldon Aug. 27—(RN Special)—Three young men from Annapolis naval academy were badly injured and three others bruised and shaken up when the car in which they were riding blew a tire, leaped a fence and turned several times in a field at 4 o'clock this morning on the curve two miles east of Sheldon.

They were traveling at a high rate of speed and the car was completely wrecked. Granted a three weeks' furlough, they were enroute to their homes in Kansas. They received medical attention at Sheldon and will proceed home by train.

OBJECTION TO ATTACK ON THE AMERICAN FLAG

Britain To Act On Shooting of Its Official

RUSSIA IRKED

Washington, Aug. 27—(UP)—Secretary of State Cordell Hull said today the United States had formally notified Japan and China that the United States reserves all rights and interests of its own and of its nationals in the far east and will hold Japan and China responsible for any damage or injury.

Hull said similar action had been taken previously. His announcement of reiteration of the American stand soon after Japan's proclamation against three warships of buildings flying the United States flag, at the moment when Japan was threatening to bombard another, the large wing of cotton mill, containing that Chinese troops are inside it.

This United States chamber of commerce in Shanghai appealed to Washington to take action against Japanese war planes flying over the international settlement.

Appropriate Action

Great Britain prepared to take appropriate action against the shooting of her ambassador to China by a Japanese war plane. The government regarded the incident as so grave that it was referred directly to King George VI.

Tokyo sent no direct communication to London although Ambassador Shigeru Toshiwa was instructed to call on government officials and express regret over the shooting.

A mere expression of regret, however, was not expected in London to prove sufficient. An influential section of the press, presumably reflecting the government's views, took a strong attitude and it was believed Britain might demand a full, formal apology, compensation to the ambassador and his family and perhaps even indemnity.

The ambassador lay critically

Hold Ohioan For Butcher Murder Cases

Cleveland, Aug. 27—(AP)—Police searched today for what Detective Lieutenant Michael Blackwell said "may be the torso murder laboratory" of a homicidal maniac who has slain and dissected 10 persons.

Blackwell said he has a 40-year-old mill worker, held for questioning after boasting of his dissecting prowess during a drinking bout, was absent frequently from his rooming house and told companions he had lodgings in another neighborhood.

The man, police said, stole a set of surgical instruments before his discharge from a hospital, where he dissected bodies for autopsies. Police found no such instruments in a search of the man's room, Blackwell said.

Authorities ordered a "chemical analysis of a fluid which an acquaintance of the man said the latter gave him as a medicine. The acquaintance said he was afraid to take it. Chemists said the fluid appeared to be formaldehyde in which a white powder was partially dissolved.

The man made a general denial of all statements attributed to him, Blackwell said, and claimed he did not prepare the fluid.

The officer added that he was inclined to discount a statement from the man's estranged wife that he was a "confirmed liar" on the ground she sought to protect him.

Arrest Four More Traffic Violators

Four motorists were arrested yesterday for infractions of traffic and license laws.

Dale Terry of Ottawa and the driver of his vehicle, Walter Gebhart, also of Ottawa, were fined \$20 and costs by Police Magistrate Edward Hennicke for not displaying state license plates. Their arrest was by Thomas Marcotte, state auto investigator.

Victor Poff of Chebanse was arrested for parking his car improperly, while two motorists tagged by city police for speeding were to appear this evening for hearings—LaVerne Hines of 648 South Osborn avenue and Henry Hop of 499 North Illinois avenue.

Traffic Violator Brings the Judge Big Watermelon

Watseka, Aug. 27—(RN Special)—Police Magistrate Peter Kamp was still waiting for Fred G. Miner to appear for a hearing Thursday afternoon. Miner was arrested the first of the week by State Patrolman Lynn Nicholson for being a menace on the highway and driving a car without brakes and was given a ticket to appear Wednesday, but failed to do so.

He did write the judge a long letter, explaining his side of the case, and also brought a large watermelon early Wednesday morning and left it on his porch with a note attached.

Again, Thursday morning, Judge Kamp received another letter explaining that Miner would be too busy to appear and that he might call at his residence in the evening to talk over the matter.

Judge Kamp, becoming angry, turned a warrant over to Sheriff Brown to assure of Miner's appearance Friday morning.

Miner was arraigned today and his trial set for Sept. 4. Attorney Roscoe South will defend him.

Sears' Net Profit Year is \$15,190,441

New York, Aug. 27—(RN Special)—A net profit of \$15,190,441 was earned by Sears, Roebuck and company for the 24 weeks ended last July 16, according to report made public here today.

Sears, which operates the Bradley plow factory, showed the above profit after depreciation, interest, special reserves and contribution to employees' savings and profit sharing fund, and federal normal income taxes. No provision, however, has been made for surtax on undistributed earnings.

Charge Blonde With Moonlight Murder of Strolling Companion on Lake Front

Chicago, Aug. 27—(UP)—A warrant charging Miss Lucille Buehler, blonde party girl, with being accessory to the murder of Robert F. Burns, her companion on a moonlight stroll in a lake front park, was issued today by Judge George Weiss of felony court.

The state's attorney's office requested the warrant after investigators had expressed dissatisfaction with Miss Buehler's account of Burns' death. Earlier today Assistant State's Attorney Harry Posner had obtained a delay in habeas corpus proceedings instituted by her counsel to free her from jail, where she was held in default of \$100,000 bond.

Posner said a warrant would be issued for Miss Buehler and the writ proceedings were deferred until after noon.

Miss Buehler has insisted that two men shot Burns while she and Burns were strolling in the moonlight in a lake front park. Police have been seeking two underworld characters suspected of sharing the blonde girl's earnings.

Bond is \$100,000

Posner made his announcement to Judge Michael L. McKinley in requesting delay until 1 p. m. in an application by Miss Buehler's counsel for a writ of habeas corpus to free her from \$100,000 bond.

"We are going to get a warrant and charge this woman with murder," Posner said.

Miss Buehler wept this morning before the grand jury when jurors—one even quoting the scriptures—exhorted her to tell what she knew of the killing. She sobbed but refused to change her story that she did not know the assailants.

An underworld tip that one of the men who killed Burns was wounded—himself by an accomplice spurred a check of all hospitals and doctors offices today.

Tavern Quarrel

Police also were told that Miss Buehler quarreled with a former sweetheart in a tavern less than an hour before Lee was shot as he strolled through a lake front park with her.

It substantiated, they said, their theory that Lee was slain by a man, who had been living off Miss Buehler's income and feared she would marry the Evanston butcher.

Lee, a respected Evanston butcher shop proprietor, was killed Sunday morning. Since then police had learned he was not married to a woman with whom he lived nine years. He abandoned a wife and three children in Detroit and as

Death Comes After Illness of a Month

GREAT CAREER

Southampton, N. Y., Aug. 27.—Andrew W. Mellon, one of the world's greatest fortunes and a leading figure in the nation's service as secretary of the treasury and as ambassador to Great Britain, has passed from the scene of his life.

The 59-year-old, white-haired financier, whose life of service to his country was marked by a series of brilliant achievements, died at his home in Southampton, N. Y., after a long illness of a month.

Mellon was born in Pittsburgh, Pa., in 1873. He was educated at the University of Pennsylvania and at the University of Chicago. He began his career in the steel industry, and later in the banking and finance fields.

He served as secretary of the treasury from 1921 to 1928, and as ambassador to Great Britain from 1928 to 1931. He was also a member of the Federal Reserve Board and the War Relocation Authority.

Mellon was a man of great energy and determination. He was a member of the Senate and the House of Representatives, and was a leading figure in the Republican Party.

He was married to Mrs. Mellon, and they had three children. He is survived by his wife and children.

Fewer Workers in Private Industry

Washington, Aug. 27.—(UP)—Secretary of Labor Frances Perkins reported today that 50,000 fewer workers were employed by private industry during July than in June, and that weekly payrolls declined \$4,000,000.

Perkins attributed the drop to the summer decline in the automobile industry, which she said had a rise of 4 per cent in July, but a drop of 15 per cent in June.

Savings and Loan Company Installs Marvel Machines

The Kankakee Federal Savings and Loan association completed installation of two National Cash Register bookkeeping machines which do all the bookkeeping for individual accounts of the firm.

These machines are the most modern available for the use of banks and savings institutions, enabling them to keep all customers' accounts balanced and to bring in their pass books every six months.

As customers bring in payments or deposits during the next few weeks, new pass books will be furnished them and all entries will be recorded in one operation by the machine on the pass book and on the association's ledger card while the customer is at the teller's window. The pass book therefore will compare at all times with the records of the association.

Time Saving

If the individual customer's account is a joint or special account,

The Moores Had a Lease on the Job

Since 1870, the first time in 50 years, two men named Moore were station agents for the Wabash railway here today.

W. H. Moore retired on a pension after 30 years as agent. His nephew, A. D. Moore, took the same job for 20 years before him.

INTERIOR DECORATING SETS LONG DISTANCE RECORD

Long distance interior decorating by mail established a 10,000 mile record when the Maharaja of Nepal ordered plans and furnishings for four rooms in his palace. A modern drawing room (above) as it will appear in the palace in Katmandu, capital city of Nepal. Inset at right shows the Maharaja, whose full name is Sir Ganga Shum Shere Jung Bahadur Rana.

PRISON CHIEFS SAY SEPARATE CELLS NEEDED

Many Sex Offenders
in Jail Become
a Problem

NO MONEY NOW

Joliet, Ill., Aug. 27—(UP)—Persons convicted of sex crimes in Illinois are being sent to a separate prison, a separate prison director, A. L. Bowen of the State Department of Public Welfare, Warden Joseph Ragen of Joliet, and other state prison wardens agreed today.

The group, meeting for a round table discussion of segregation of sex criminals, discussed a new state law with its sponsor, Sen. H. G. Ward, Chicago.

"We all agree that the sex criminal should be sentenced to a separate prison," Bowen said after the meeting, "and that those who develop sexual eccentricities after arriving at prison should also be segregated."

Need New Prison
"But to do this right," he said, "we should have a new prison to house 1,000 men in separate cells built in small units of 100 each. This would cost two million dollars. Since the (ward) law did not make this provision, we must do the best we can," Bowen said.

"I think the wardens present should devise some plan to segregate offenders until a law can be passed providing the money to build a place."

It was brought out in the discussion that the law did not specify if those who acquire sex habits after having arrived at the prison, though sentenced for another offense, were to be segregated. The officials agreed that these inmates should be segregated with the others.

No Funds
Ward said that inasmuch as his law, passed by the 60th general assembly, did not provide for funds with which to build a new prison for segregation of sex criminals, he would sponsor such legislation at the next session of the legislature.

Wilfred Crowley, of the Cook county state's attorney's office, said he thought it a mistake to include all sex offenders in the segregation act, because rape in many cases is a crime only because the person seduced is under age.

Judge Harry M. Fisher, Chicago, voiced the same opinion in a telegram to Bowen.

The wardens at the conference listed the number of sex criminals at 610, placing 310 at Joliet, 57 at Pontiac, 203 at Menard and 40 at Vandalia.

Many Offenders
It was brought out during the conference that ten per cent of all persons admitted to Illinois prisons were sex offenders, and nine per cent of these diseased.

The wardens said that under a segregation plan, sex criminals would have to be segregated at work, recreation and in the cell house and dining rooms.

Attending the conference besides Bowen, Ragen and Crowley, were Benjamin Bachrach, Cook county public defender; Dr. R. G. Garlick, criminologist; T. P. Sullivan, supervisor of paroles; Warden James Montgomery, of Menard; Warden O. H. Lewis, Pontiac; Warden Nellie Stewart, Dwight.

According to Prof. A. R. Lauer of Iowa State College, 21 years is the age when both men and women drive automobiles best.

Court Will Scan Pin Ball License

Lincoln, Ill., Aug. 27—(AP)—The comparatively recent practice of Illinois cities in licensing pin ball games for revenue appeared headed for a court test today.

Circuit Judge H. H. Baker set for hearing Sept. 1 a petition for an injunction to prevent the city of Lincoln from putting into operation a licensing ordinance adopted by the city council last month.

The petition was filed in behalf of D. C. Parks, operator affected by the ordinance, who alleged the licensing ordinance is invalid because it was passed for revenue purposes only and contained no regulatory provisions not covered in an earlier ordinance.

The original license called for a fee of \$40 from merchants or others in whose places of business pin ball machines were kept. The fee was \$50 downward for each machine, to be paid by operators of the devices.

Other Illinois cities having pin ball ordinances include Champaign and Bloomington.

Tavern Operators Want Dime Beers

Bloomington, Ill., Aug. 27—(AP)—Illinois tavern operators set machinery in motion today to stop the sale of "nickel beer" and to enforce uniform prices for liquor by the drink.

Approximately 100 members of the retail Liquor Dealers Protective association voted at a meeting yesterday to maintain a price of 10 cents for beer in glasses of 14 ounces or less.

Delegates empowered Joseph Hoss, state representative of the association, to appoint a committee of nine to seek cooperation of brewers, distillers, distributors and wholesalers in making the price code effective through contracts with retailers under the Illinois fair trade act.

Nero Would Have Enjoyed This One

Pollockville, N. C., Aug. 27—(AP)—The flames of the burning filling station cracked and danced. From within came the raucous strains of a mechanical piano, grinding out tune after tune.

The fire had done something to the mechanism to set the piano playing without benefit of nickels. Just as the roof collapsed came the strains of "I'll Be Glad When You're Dead, You Rascal, You."

And then the piano "died."

2 Men Suffocated
by Falling Grain

Minneapolis, Aug. 27—(AP)—Two men suffocated yesterday when feed they were shoveling in a bin at the Archer-Daniels-Midland company mill buried them.

The victims were John Thielens and F. W. Schultz. They were working in a tank nearly 100 feet deep. Fellow workmen dug frantically for an hour before they were able to reach the bodies.
